### DETAILED ACTION

This communication is in response to the amendment of 1/ 17/ 2006. All changes made to the Claims have been entered. Accordingly, Claims 12-20, 22, 31-36, and 38-39 are currently pending in the application.

#### ***Allowable Subject Matter***

1. Claims 12-20, 22, 31-36, and 38-39 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

2. Claim 22 and 39 is are allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose **the producing a first analog component based on the transferred first component and a second analog component based on the transferred second component.** It is noted that the closest prior art, Kawabe et al. (US 6377613) discloses a radio demodulation method employing QPSK so that a plurality of received signals are demodulated simultaneously. However, Kawabe fails to disclose or render obvious to the above underline limitations as claimed.

3. Claim 35 is are allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose **the shifted value being equal to  $2^I$  times the input value, where I is an integer and wherein a value of the delayed second component is based on the shifted value.** It is noted that the

closest prior art, Kawabe et al. (US 6377613) discloses a radio demodulation method employing QPSK so that a plurality of received signals are demodulated simultaneously. However, Kawabe fails to disclose or render obvious to the above underline limitations as claimed.

4. Claim 36 is allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose **the transfer function of the filter.** It is noted that the closest prior art, Kawabe et al. (US 6377613) discloses a radio demodulation method employing QPSK so that a plurality of received signals are demodulated simultaneously. However, Kawabe fails to disclose or render obvious to the above underline limitations as claimed.
